

Bells in the Steeple

Bells in the Steeple
How loudly they ring
Ding a dong, Ding a dong
Ding a dong Ding!

This song is based on a three beat in a bar pattern. It may also be useful to ask children if they think the Abbey would have had bells?

The steps are:

1. Sing the song teachers turn pupils turn
2. Pupils sing and keep the beat in by clapping (beat one) and then clicking so clap, click click.
3. In a circle whilst singing one pupil claps (alone) the next two click alone
4. Try and varying speeds how fast can they go?

Lucy Locket

Lucy Locket lost her pocket
Ki-ty Fisher found it
Not a penny was there in it
But a ribbon round it

Game:

Stand in a circle

One person walks around the circle carrying a small token/toy. They drop it behind the person they are closest to at the end of the song and run around the circle to take the person's place. The other person picks up the toy and chases them and becomes the next 'on it' person.
