

Matchbox Treasure Hunt

Come and join the treasure hunt to see how many different things you can fit into an empty matchbox (or similar size box or container, such as a Tupperware box). The person with the most objects in their box wins!

You will need:

- Small matchbox (or similar size container)
- A phone, watch or clock to time your treasure hunt (suggested time for game is 30 mins to 1 hour, or until all matchboxes are full)
- A keen treasure hunter's eye for objects small and miniature!

How to play:

- Take your empty matchbox (or similar sized box or container)
- Start your timer, then start the hunt around your house and garden for small objects that will fit into the box (every object in your box should be different)
- Keep on adding objects until your matchbox is full (or until your time is up)
- Once your matchbox is full, tip out the contents onto the floor or table and count them to see how many different objects you managed to fit into your box
- The person with the most objects in their box wins!

Objects such as buttons, beads, small stones, bits of string, scraps of paper, grass, leaves, small toys (such as building bricks and jigsaw puzzle pieces) and others are a perfect size to fit into a matchbox!
